

You are now walking through cherry trees along side the Second River. We recommend you walk under the bridge, turn right and go up the ramp to the road, then cross over to the other side of the stream.

- * On the other side, you can follow either the path by the road or the stream. Both are good.
- * When you come to a fork in the road, turn left and cross the street, then proceed up the path in the same direction you've been walking.
- * At the top of the hill is the Cherry Blossom Center. This is a good place to stop and relax.

When you are ready to head back, you can either ride or take the NJ Transit light rail train to the Park Avenue station

- * For both choices you must proceed to the next traffic light. So...
- * Go back out to the road, turn left and walk your bike south, under the train bridge, until you get to the traffic light at Grafton Avenue.
- * The light rail station is across the street to the left of the big apartment building.
- * If you are biking we recommend you now get back on your bike again then ride south to the busy corner of Heller Pkwy.

- Switch back to the main map... -

- * Cross Heller parkway at the light, then keep to the right at the fork in the road.
- * Take this road south all the way to the stop sign next to the Bloomfield Avenue bridge.
- * Turn right at the stop sign, ride under the bridge and proceed south. Caution... you are now back in two-way traffic.
- * Stay on this road until you go under the Park Avenue bridge. When you will see the fountain in the lake just after the bridge, you are back to the starting point!

DISTANCE: about 8 miles
